

FPTA 10

Features:

- 1) Supports TCP/IP, with power network function
- 2) Adopts double identification high technology
- 3) With internationalization design
- 4) Specializes in long-distance time and attendance
- 5) Optical sensor adopts strengthen plastic cover to capture high quality image
- 6) Enroll fingerprints with freely angle, easy to use
- 7) Embedded fingerprint identify module
- 8) T&A product with simple access control function

Specifications:

- 1) User capacity: 1,500
- 2) Transaction storage: 50,000
- 3) Communications: RS232, RS485, TCP
- 4) Identification time: = 2s
- 5) FAR: = 0.0001%
- 6) FRR: = 0.01%
- 7) LED: red, green
- 8) Door Control: 12V 2A
- 9) Temperature operating: 0 - 45°C
- 10) Humidity operating: 20% - 80%
- 11) Language: English
